Gary:

Brian and Todd Johnson will be visiting the site today. I provided them your number to coordinate times. Brian is trying to come out in the morning, Todd in the afternoon. It will be beneficial for us if Todd scopes out the project. I will be travel out tomorrow and will see you Thursday afternoon. Today, I will be working on getting the project set up in our system and organization, Health and Safety, Quality, and Management. Procurement and I will continue with getting SWS Environmental set up and listing our other vendor categories. T&D and I will start looking over the data you provided. I will start daily work orders.
